

ELECTRONIC CATALOGUE Apr – May 2006

This is the electronic catalogue of company PROFIKIT Models. This company is specialised in resin kits and detail sets of all major scales.

Majority of production is targetted to the artillery pieces of various periods.

PROFIKIT is well known for its detail sets for small scale AFV models which offers to the customer the same amount of details as is usual in „king size” – 1/35 scale.

More info on our products can be obtained by visiting our web pages at <http://profikit.sweb.cz>
